NIV masks and interchangeable elbow portfolio

HAMILTON MEDICAL

BiTrac NIV masks

The BiTrac NIV full face and nasal masks are single patient multiple use masks that provide compatible ventilation for spontaneously breathing patients requiring noninvasive ventilation (NIV).

Benefits for you and your patients

The mask provides a double-lip cushion.

The OmniClip is an adjustable piece on the forehead pad.

The headgear has adjustable straps with clips.

BiTrac Select NIV masks interchangeable elbow portfolio

The new interchangeable elbow concept for full face and MaxShield masks
