INVITATION

It is a great pleasure to bring your attention to the 12th Congress of the World Federation of Societies of Intensive and Critical Care Medicine in collaboration with the WFCCN and WFPICCS, which will be held from August 29 to September 1, 2015, in Seoul, Korea.

Established in 1977, the WFSICCM is an organization comprised of over 70 societies of intensive and critical care medicine and a combined individual membership of over 70,000 practitioners. The WFSICCM Seoul 2015 is the second WFSICCM congress being held in Asia since the 5th WFSICCM, which was held in Japan in 1989. Around 3,000 experts from 90 countries are expected to participate in the congress in Seoul, making it a platform for in-depth discussions of the latest research studies on intensive and critical care.

We believe that the WFSICCM Seoul 2015 will also be a platform for delivering practical support and insight to participants under the theme, “One Step Further.” Various small group discussions and workshops will be held, tailored to every level of intensive and critical care to complement our scientific program. Additionally, it is our goal to encourage a larger number of intensive and critical care practitioners from developing countries to attend this congress by lowering the registration fee.

To offer a more comprehensive and specialized congress, we are pleased to organize an exhibition in association with the WFSICCM Seoul 2015. We believe the exhibition will provide great opportunities to promote your businesses through showcasing of the cutting-edge medical equipment and technology, and sharing of the latest findings.

We always appreciate your contribution to intensive and critical care medicine, and dearly look forward to your distinguished presence in the 12th Congress of the World Federation of Societies of Intensive and Critical Care Medicine in Seoul 2015.

Thank you.

With warmest regards,
